República de México

Estimado Presidente Peña Nieto,

Nosotros, los miembros que suscriben de los afiliados de Internacional de la Educación en la región de América del Norte y el Caribe y nuestros aliados, condenamos firmemente la violencia extrema contra los educadores y sus defensores que resultó en la muerte de 8 personas el 19 de junio en Oaxaca, México. Lamentamos la pérdida de vida y exigimos que se ponga fin a la represión en Oaxaca.

Todas las personas merecen el ejercicio pleno de sus derechos humanos, entre ellos la libertad de asociación, la libertad de reunión, y la libertad de expresión. La gente de México no solo tiene derecho a protestar contra las reformas educativas impulsadas por las corporaciones que han sido instituidas, sino que ellos deberían protestar contra ellas. En los EE. UU. y otros países, se han intentado algunas de estas reformas y estas fracasaron en detrimento de los estudiantes. Se debería responder a las demandas legítimas de los educadores y sus defensores en Oaxaca con negociación, y no con represión y violencia.

Le instamos a que se asegure de que la justicia en Oaxaca sea su principal prioridad durante el transcurso de esta investigación.

- Por favor, póngale fin al uso de fuerza excesiva contra los manifestantes,
- Libere inmediatamente a todos los educadores y sus defensores que han sido arrestados de manera arbitraria e ilegal, y
- Establezca un diálogo significativo con los educadores de Oaxaca en lo que respecta a la reforma educativa.

Esperamos progreso y justicia en este caso.

Saluda atentamente,

Lily Eskelsen García
Presidente
